

Claim 7, line 5, change "particles" to --fish meat--.

Rewrite claim 8 in independent and amended form as follows:

*Sub F2 >* 8. (Amended) A process for producing kamaboko which comprises:

molding a material for fish paste products which has been produced by [the process as claimed in Claim 7,] milling a frozen ground fish meat mass in a substantially uniform manner, thawing the milled fish meat by elevating temperature to give a ground fish meat, and mixing under stirring said ground fish meat together with additives using a pin mixer,

passing electric current [therethrough] through the molded product, thus heating the molded [products] product due to the electrical resistance within the same,

subjecting the [products] product to suwari gelation by heating for a definite time, and

then further heating the same.

REMARKS

The final Office Action of March 10, 1999, has been carefully reviewed. The claims remain as claims 1 and 3-12, these claims defining novel and unobvious subject matter under Sections 102 and 103. Favorable reconsideration, entry of the present amendment and allowance are requested.
